REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Managing Member of Angel Pond Capital LLC New York, New York

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of Angel Pond Capital LLC as of December 31, 2018, and the related notes (collectively referred to as the financial statement). In our opinion, the statement of financial condition presents fairly, in all material respects, the financial position of Angel Pond Capital LLC as of December 31, 2018 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of Angel Pond Capital LLC's management. Our responsibility is to express an opinion on Angel Pond Capital LLC's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to Angel Pond Capital LLC in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

RAICH ENDE MALTER & CO. LLP

We have served as Angel Pond Capital LLC's auditor since 2017. New York, New York February 27, 2019

The accompanying notes are an integral part of this financial statement.

Note 1 - Nature of Business and Summary of Significant Accounting Policies

Nature of Business:

Angel Pond Capital, LLC ("the Company", "the LLC", "or "APC") was organized in Delaware on September 23, 2014 under the name Puissance Financial Group LLC, subsequently changed to APC on June 23, 2017. The Company commenced operations as a broker/dealer on June 6, 2017, the date it was approved as a broker/dealer and registered with the Securities and Exchange Commission ("SEC"). The Company is a member of the Financial Industry Regulatory Authority ("FINRA") and the Securities Investor Protection Corporation ("SIPC"). The Company advises its customers in raising capital through its private placement and corporate finance business.

The Company operates pursuant to section (k)(2)(i) exemptive provisions of Rule 15c3-3 of the Securities Exchange Act of 1934, and accordingly, is exempt from the remaining provisions of that Rule. The Company does not hold customer funds or securities. Under these exemptive provisions, the Computation for Determination of Reserve Requirements and Information Relating to the Possession and Control Requirements are not required.

Significant Accounting Policies:

Basis of Presentation

The accompanying financial statement and related notes has been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of the assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 1 - Nature of Business and Summary of Significant Accounting Policies (continued)

Accounts Receivable

Accounts receivable are recorded at outstanding principal when invoices are issued. The Company evaluates its receivables to determine collectability as necessary. The Company did not have any outstanding accounts receivable at December 31, 2018 and had \$60,000 as of December 31, 2017.

Credit Risk

The Company's cash is placed with a highly rated financial institution and the Company conducts ongoing evaluations of the credit worthiness of the financial institution with which it does business. At certain times cash balances in the bank account may exceed federally insured limits of \$250,000 of the Federal Deposit Insurance Corporation (FDIC). At December 31, 2018, cash balance exceeds the FDIC limit by \$1,667,912.

Valuation of Investments at Fair Value

The Company applies the provisions of ASC 820, Fair Value Measurements, which, among other matters, requires disclosures about investments that are measured and reported at fair value. ASC 820 establishes a hierarchical disclosure framework which prioritizes and ranks the level of market price observability used in measuring investments at fair value. Market price observability is affected by a number of factors, including the type of investment and the characteristics specific to the investment. Investments with readily available active quoted prices or for which fair value can be measured from actively quoted prices generally will have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value. Investments measured and reported at fair value are classified and disclosed in one of the following categories:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access.

Level 2 — Observable inputs other than quoted prices included in Level 1 that are observable for the asset or liability either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar instruments, interest rates, prepayment spreads, credit risk, yield curves, default rates, and similar data.

Note 1 - Nature of Business and Summary of Significant Accounting Policies (continued)

Valuation of Investments at Fair Value(continued)

Level 3 – Unobservable inputs for the asset or liability to the extent that relevant observable inputs are not available, representing the management's own assumptions about the assumptions that a market participant would use in valuing the asset or liability, and that would be based on the best information available.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Management's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment, and considers factors specific to the investments.

The availability of valuation techniques and observable inputs can vary from investment to investment and is affected by a wide variety of factors, including the type of security, whether the security is new and not yet established in the marketplace, and other characteristics particular to the investment transaction. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment.

Note 2 - Net Capital Requirements

The Company is registered with the SEC. The Company does not carry customer accounts and does not accept customer funds or securities.

The Company is subject to the SEC Uniform Net Capital Rule ("SEC Rule 15c3-1"), under which the Company is required to maintain a minimum net capital, as defined, of the greater of \$5,000 or 6.67% of aggregate indebtedness and requires that the ratio of aggregate indebtedness to net capital, as defined, shall not exceed 15 to 1 or 6.67%.

At December 31, 2018, the Company had net capital of \$1,015,049 which was \$954,858 in excess of its net capital requirement of \$60,191. The Company's ratio of aggregate indebtedness to net capital ratio was 0.89 to 1 at December 31, 2018

Note 3 - Income Taxes

The Company does not record a provision for federal and state income taxes because the members report their share of the Company's profits or losses on their income tax returns. The Company files an income tax return in the federal jurisdiction and may file in New York. The Company is subject to New York City Unincorporated Business Tax ("NYCUBT"). Generally the Company is subject to examination by the major taxing authorities for the three year period prior to the date of these financial statements.

Management is required to determine how uncertain tax positions should be recognized, measured, presented and disclosed in the financial statements. This determination requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Company's tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as a tax benefit or expense in the current year. Management has determined that there are no uncertain tax positions which would require adjustments or disclosures on the financial statements

Note 4 - Securities Investor Protection Corporation

APC is a member of SIPC and as such is required to pay its annual assessment and subject itself to an annual audit.

Note 5 - Related Party Transactions

The Company has entered into an expense sharing agreement (the "Agreement") with an affiliated company, Puissance Capital Management LP, under joint control as of June 1, 2017 whereby all expenses related to the business of the Company will be borne by the Company as follows:

All registration and filing fees incurred in connection with associated persons of the Company for registrations which may be required under (i) the Securities Exchange Act of 1934 (the "Exchange Act"); (ii) the By-Laws and Rules of Financial Industry Regulatory Authority ("FINRA"): and (iii) all applicable securities laws and regulations of those States and other jurisdictions in which such associated persons of the Company intend to conduct business; and

All FINRA related dues and assessment fees, annual independent auditor fees, fidelity bond premium fees, and its own federal, state and local tax liabilities.

Note 5 - Related Party Transactions(continued)

All other expenses related to the business of the Company including expenses paid by Puissance Capital Management LP, an affiliate of the Company, will be reimbursed by the Company.

At December 31, 2018, the company had a payable to Puissance Capital Management LP of \$43,718 which is payable on demand and does not bear interest.

The Agreement shall be terminated upon the cessation of the Company's commercial operations.

Note 6 - Commitments and Contingencies

In the normal course of its operations, the Company entered into a contract and agreement with a financial institution that contains indemnifications and warranties. The Company's maximum exposure under this arrangement is unknown as this would involve future claims that may be made against the Company that have not yet occurred. However, the Company has not had prior claims or losses pursuant to this contract and expects the risk of loss to be remote.

Note 7 - Investments at fair value

The Company's assets recorded at fair value have been categorized based upon a fair value hierarchy as described in the Company's significant accounting policies in Note 1. The Company had no investments at December 31, 2018.

Note 8 - Subsequent Events

Management has evaluated subsequent events through February 27, 2019, the date the financial statements were available to be issued.
